Pharmacotherapy Handbook Seventh Edition by Barbara G

This is a supplement to the much larger Pharmacotherapy textbook by DiPiro. I'm in pharmacy school and to have the information distilled down to just the information I need instead of useless factoids is priceless. If you're taking a class and have the textbook as assigned reading, don't even bother buying it. Buy this in it's place. The chapter's don't correlate exactly to the big book, but the index is very thorough and it's easy to find what you're looking for.
