"Proceedings of the Thirty-Sixth Annual Meeting of the Phytochemical Society of North America on Functionality of Food Phytochemicals: Flavors, Stimulants, and Health Promoters, held August 10-14, 1996, in New Orleans, Louisiana"--Title page verso.
Functionality of Food Phytochemicals | SpringerLink
Food plants were familiar, but seldom the source of novel economically important compounds. Increasingly sophisticated methods of analysis, however, have opened new opportunities for understanding the nature and functions of food constituents, and for manipulating them to improve the quality, acceptability, and value of food products.
