[GE Profile Arctica 25.4 Cu. Ft. Side-By-Side Refrigerator ...](#)

Never having owned a GE fridge before we thought that was just normal. Nope. We ended up replacing the brain board of the fridge. I think that was an \$800 repair. That seemed to make it work well for a time, then it started to freeze everything on the fridge side. That repair was around \$400 to replace some control that regulates the two sides.
