[Geohazard - Wikipedia](#)

A geohazard is a geological state that may lead to widespread damage or risk. Geohazards are geological and environmental conditions and involve long-term or short-term geological processes.

[GeoHazards International | Menlo Park | Disaster Preparedness](#)

GeoHazards International is a non-profit based in California, USA. It works around the world to reduce preventable death and suffering from natural disasters. [Potsdam University, Institute of Geosciences: Geohazards](#)

Our main motivation is prediction: we wish to make informed and useful statements about the locations, impacts, magnitudes, and frequencies of natural hazards. [geohazard - Deutsch- bersetzung Linguee W rterbuch](#) attractive because of the large quantities available, but it is in fact less likely to be achieved in a short-term perspective for several reasons: The conditions for production are far more complicated than in permafrost regions and the geohazards involved as well as the impact on the environment are difficult to assess.

[Geohazards: Natural and Human: Amazon.de: Nicholas K. Coch ...](#)

Nicholas K. Coch provide in this book a very clear and informative look at the causes and effects of the natural world around us. He gives explanations and provides charts in a format that is easily understandable to any person regardless of scientific background.

[Geohazards | University of Bergen](#)

Objectives and Content. The course gives an introduction to different types of geohazards, their potential consequences and how disasters can be prevented.
