### **Leadership Theory and Practice Amazon de Peter G**

I had to buy this book for a class. I had not studied leadership formally in the past so I didn't have many points of reference, but this seems like a pretty comprehensive and well-written book. Each chapter covers a different approach to leadership and ends with some case studies and a survey that the reader can take. This is an academic approach to leadership and not a gimmicky self-help type book.
