[Learning from Error in Policing : Jon Shane : 9783319000404](#)

While the proximate cause of any accident is usually someone's immediate action- or omission (failure to act)- there is often a trail of underlying latent conditions that facilitated their error: the person has, in effect, been unwittingly "set up" for failure by the organization. This Brief explores an accident in policing, as a framework for examining existing police practices.

[Learning from Error in Policing: A Case Study in ...](#)

This text is something of an "in depth" companion to the excellent book Learning from Disasters: A Management Approach and while I'd choose the latter for a more rounded (if introductory) appreciation of the discipline, Shane has shown how it should be used in an applied context.
