In performance, Groban's music goes as low as G2 (as in the song "To Where You Are") and extends up to at least B4 flat or the B flat above middle C (as heard in "You Raise Me Up"). He also hits a High B during the Baywatch theme song in his Emmy performance of TV Theme Songs on September 21, 2008. This places his voice lower than the tenor range on the low end, and just short of Tenor C, and therefore above the baritone range, on the high end.
